WEEK ONE

WEEK TWO

PARENTS:

This chart is designed to encourage good brushing habits in your child. Each time they finish brushing allow them to color in one section on the chart. If they miss, simply skip that section. All kids are welcome to participate, not just current patients of Michel Dental. The drawing for electric toothbrushes will happen near the end of February 2024. To include your child's name in the drawing do the following:

1. (Optional) Check mark the release statement below.
2. Take a photo of your child holding their chart. Don't worry if the chart is incomplete or in progress. They are still eligible for the drawing.
3. Email photo to PublicRelations@MichelDental.com.

Winners will be announced via social media and parents contacted using the email address they used to send their child's photo. Prizes will be available for pickup at our Topeka office during regular business hours.

RELEASE:

Michel Dental may use my child's photo and name for advertising the Toothbrush Challenge.
